

Be Internet Legends.

Hello,

We know that **schools are facing** significant challenges at the moment. As you prepare to **send pupils home**, you may be thinking about the tasks and activities they can take with them.

As a valued part of Google's Be Internet Legends community, you have access to loads of fantastic resources. They're all designed to help children explore the internet safely and confidently - and many of them are perfect for continuing learning at home.

To save you a bit of time, Google and Parent Zone have put together a '**Legendary Learner Pack**' that you can email directly to families - or print and hand out to pupils. It's totally up to you.

The pack includes:

- *A **letter for parents and carers**, explaining what they can do to support their child's learning at home.*
- *A series of **fun, interactive activities for families** based on the Be Internet Legends code - including links to Interland, an exciting online game.*
- ***Expert guidance for parents and carers from Parent Zone** about having the difficult coronavirus conversation with their child.*

We hope this makes your life a bit easier at this tricky time. We'll be creating more content in the coming weeks to help your school communities stay **connected, occupied and safe** - and if you have any questions, feel free to contact us on legends@parentzone.org.uk.

Lastly - you can find extra advice and support for educators from Google at [g.co/teachfromhome](https://www.google.co.uk/teachfromhome)

We wish you well at this difficult time,

The Be Internet Legends Team
