

Friday 17th April

Hello Year 1!! I hope you are all enjoying the sun and have had a lovely Easter. I have been very busy at school this week – we made and painted salt dough Easter eggs and created some beautiful spring pictures. We also found a frog living in the pond in garden. No tadpoles yet, but we'll keep checking!

I am looking forward to having some time in my garden with my family whilst its sunny – we have planted lots and lots of vegetable seeds. The carrot shoots are very tiny but if you look closely you can spot them.....

With love Mrs Hill
