

# My Five Wishes

If you were granted five wishes by a magic genie, what would you ask for?

Think about all the things you can't buy but things you would really like to achieve or have. E.g. "I would really like to be good friends with my sister and stop falling out." "I would really like to be the best at maths in my class."

They are your wishes so you choose what you want them to be.

**Wish 1:**

**Wish 2:**

**Wish 3:**

**Wish 4:**

**Wish 5:**

Can you tell the person you are with why you have chosen these five wishes?

---

Did you find it hard or easy to choose the wishes?

---

What would your top wish be and why?
