

Miss Findlay's One Page Profile

What I would like you to know about me.

- I love animals! I have a dog, 2 chameleons and some fish.

- I have 3 younger sisters.
- I enjoy going for walks in the forest or at the seaside.
- I wear glasses.
- My favourite subject is Maths and I love problem solving.
- I enjoy listening to music after school and at home. It helps me to relax.

Something I find tricky is...

Making mistakes, however I know that making mistakes helps me to learn and get better. We can always work together to put things right!

I can help you by...

- Explaining things which you may find tricky in different ways.
- Using pictures and displays in the classroom which you can look at.
- Listening to you when you have a problem or are finding something tricky.
