

St Joseph's Catholic Primary School

Half Termly Learning overview: Year 3 Abraham Class – Summer 1

This is a summary of the learning and taking place for the half term beginning: 16th April 2024

Not every subject listed is taught every week.

Subject		Learning
English	Reading	The children's class read this half-term will be 'The Twits' by Roald Dahl. In guided reading, they will be looking at a variety of text types. The children will also be carrying out 15 minutes of independent daily reading.
	Writing	The children will be exploring the features of narrative myths and creating their own work based on this. Then children will also be rehearsing and refining a range of grammatical features related to these text types.
Maths		The children will be adding and subtracting fractions, solving problems involving money, learning to tell time to the nearest minute and calculating time using time intervals.
Religious Education		The children will be exploring the events of Easter and Pentecost, and the importance of these celebrations to the Church.
Science		The children will be learning about the animals, including humans: about their diets, their systems for survival (respiratory, circulatory, digestive, nervous and muscle) and the functions of the human skeleton.
History		The children will be learning about the Romans, who they were, their invasion of Britain and how their beliefs and technologies developed during this time.
Geography		Not this half term.
Music		The theme of this half term's Music is the Human body, the children will be focusing on musical structure - call and response, word rhythms, singing in 2 parts and binary form.
Primary Languages- French (KS2 only)		The children will learn numbers to 31, days of the week, months and seasons and will eventually learn how to say and recognise a full date in French.
Art & Design incl. Design Technology		The children will be looking at the theme of Sculpture and 3D: Abstract shape & space.
Computing		The children will be learning about computer networks – how devices communicate with one another, how networks help with collaboration and the importance of network security.
PE		The children will be learning to create and choreograph short dance performances on the theme of Machines. We will be learning to swim and improving our swimming.
